

## CENTRAL PLATTE NRD ULTRA SONIC FLOW READING COST SHARE PROGRAM

### Purpose of Cost Share Practice:

*The purpose of the Ultra Sonic Flow Reading cost share is to get updated GPM readings on the wells located in the Phase 2 or 3 areas of the Groundwater Quality Management Program.*

Cost share rate is \$100 per field per landowner located in the Phase 2 or 3 area of the GWMGT program.

Applications must be in the name of the landowner with corresponding social security number or tax ID number.

**All applications must be approved before project can be started.**

Natural Resources Conservation Service certification is not required.

Cost share is limited to the first 100 fields.

Each field is eligible every 5 years to be re-read.

Claims for payment will not be accepted more than five months from the date the application is approved. There are no extensions.

Items of cost for which reimbursement is claimed must be supported by documentation of payments made.

The well output information must accompany completed cost share application.

US Citizenship and W-9 must accompany application.
