**ADVENTURE CAMP
ABOUT
THE ENVIRONMENT**

Hosted by Nebraska's Natural Resources Districts

**Sunday, June 10th to
Wednesday, June 13th**

**Four days of Outdoor Fun,
Exploring and Learning at
State 4-H Camp, Halsey, NE**

Camp Information

This camp is for kids who have completed 6th, 7th, and 8th grade in the 2017-2018 school year.

Dates & Location: June 10th-13th, 2018, at the State 4-H Camp in Halsey, Nebraska.

Arrival/Departure: Arrive at 4:00pm CST on Sunday, June 10th. Camp ends at 2:30pm CST on Wednesday, June 13th. Transportation to and from camp will be the parents' responsibility. Please arrive promptly with your campers but not before 4:00pm CST. Check-in will begin at 4:00pm CST.

Camp Cost: \$215.00*. The fee along with the registration form is due by Friday, May 26th, 2018. Once the registration form has been received, additional information will be sent back to registered campers.

***Check with your local NRD about receiving a scholarship to attend the camp. You must reside in the district where you are applying for a scholarship.**

Experience some of the great wonders of camp at Halsey including tubing, hiking, fishing, zip line, and river activities. And back for another year, the NRD Olympics! For some campers, this might be your chance to take over as new champions.

Water

Water is essential for all life. Through discussion, demonstration and activities, campers will explore the connections between drinking water, storm water, and water quality. Sheri Daniels from Upper Niobrara White NRD, along with Jason Moudry from Lower Loup NRD will bring campers to the Middle Loup River to collect water and study aquatic macro-invertebrates.

Wildlife

Learn about all kinds of animals that call the Sandhills home. Learn to identify tracks and characteristics of the critters we share the land with.

Forestry

Learn more about trees and shrubs by learning to identify them in nature. With the help of GPS units, Upper Loup NRD Manager Anna Baum will teach campers the ins and outs of tree ID.

Outdoor Survival

Learn what it takes to survive in emergency situations. Our expert on outdoor survival will teach campers what it takes to make it out of these situations ALONE. This session is sure to be a hit!

Range

Long known as "Cattle Country" in the heart of Nebraska, campers will explore the grassland of the Sandhills with the help of a Range Scientist.

Weather

Campers will learn how to identify clouds and weather patterns of our area. Also learn how to interpret weather maps!

Soils

Play in the dirt! Campers will examine up close different Nebraska soils. See how soils are important to us everyday!
